Nishitokoyo-City,  
Tokyo,  
Japan.

Dear Dhammika San,

RE: 2021/2022 Year in Review - Donation Towards Authenticities Sri Lanka - CONNECT Initiative

We received USD 2,500/- from NPO Lamamithuru No Kai on the 07th of July, 2021, in LKR we have received RS 495,000 as per the prevailing exchange rate as of 07th July 2021. (01 USD = 198 LKR )

The operating environment in Sri Lanka started deteriorating rapidly over the last one year. It was challenging times initially with COVID-19 and later on with economic, political crisis and social unrest that plummeted the Economy to unprecedented levels not witnessed in the history of Sri Lanka.

We barely weren't able to carry out any projects with Schools due closures with the Pandemic & then the fuel crisis with Schools either being closed or prevented any outsiders entering schools.

The supply chain issues Sri Lanka encountered was another reason, With the floating of the Sri Lanka Rupee prices of Building Material Sky rocketed with prices escalating every 3 days.

In this current backdrop, the uncertainty and volatility on the macroeconomic stability of the country at this juncture, and resultant social unrest, poses an unprecedented and significant challenge for the country in the ensuing year.

We completed one project spending LKR 180,000/= on Wathurawila Dharmapala Vidyalaya, Batapola. The balance remaining after Batalopa project is LKR 315,000/-

With the remaining Balance, we hope to provide a desk top computer to deserving school in Rural Sri Lanka before end of July 2022.

Yours Truly,

Shanitha Fernando  
President
